APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and on condition that the water will be returned to the stream as specified in the application free from cyanide or any deleterious matter. The State reserves the right to regulate the use of the water herein granted at any time. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2) cubic feet per second.

Actual construction work shall begin on or before April 30, 1917.

Proof of commencement of work shall be filed before May 30, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before April 30, 1920.

Application of water to beneficial use shall be made on or before October 30, 1921. Proof of the application of water to beneficial use must be filed with State Engineer on or before November 30, 1921.

Proof of labor filed AUG - 9 1917
